Summary Of News From Police Dept.

Chase Ends With Car Abandoned By Speeders

Daly City police have handled the following cases in addition to routine matters in the past few days:

On Sunday, November 21, they were able to recover a car for Mary Cademateri, San Francisco, whose Ford sedan was stolen from in front of 32 Market street, Daly City, while she visited with the Bolletini family at that address. Local police contacted San Francisco and the auto was found at 4:30 p. m. at Huron and Whipple streets.

On November 18, at 2:15 a. m., Officers Roy Beecher, George Savage, and August Benassini followed a Chevrolet coupe speeding south on Mission street. When the occupants noticed the police car following them they turned west on Moltke, north on Bruno, and then sped up West Cavour and turned north on Station avenue. Finding it a blind street they hopped out of the car, jumped over the west fence at the high school, leaving two coats behind them on the fence. The officers searched the grounds but were unable to find the culprits. In the car officers found a sailor's uniform. On November 19 the real owner, R. A. McKenna, San Jose, was contacted and the car released to him.

On November 16, 6:10 p. m., local police aided the California Highway patrol when a headon collision occurred on Highway No. 1, approximately 200 feet west of Junipero Serra boulevard. Sergeant Ricco Benedetti and Henry Sundermann jr. were on the scene and Company No. 1 firetruck took one of the victims to the hospital.

Servicemen's Club Will Serve Turkey

Thanksgiving at the Daly City Servicemen's club, 6201 Mission street, will feature turkey sandwiches for the boys. An added attraction will be ten pies given to the club by Byrne Radio store. The 25 pound turkey was the gift of Frank's Service station. Hostess organization, this week, is Crocker P. T. A.

Mrs. Anne Eason, Mrs. Maisie Boyle, and Mrs. Margaret Steele express their appreciation for the way in which Daly City residents responded to the appeal for Thanksgiving dinner invitations for "the boys".

Next week, beginning November 28, Court St. Mary No. 1155, C. D. A., will be in charge at the club.

On Saturday evening, November 20, at the regular social, the accordion playing of Miss Augusta Cattaneo scored a big hit with the

Purse-Snatchers Attack Local Man

Leo Bigazzi, 125 Santa Cruz avenue, was the victim of a group of purse-snatchers, early Tuesday morning, November 23. At 2:40 a. m. he was walking home when a blue coupe stopped beside him at Santa Cruz avenue and Hillcrest drive. Four men, whom he said looked like Mexicans, jumped out of the car and attacked him, taking his wallet.

Officers Roland A. Petrocchi and Roy Beecher answered Bigazzi's call to police headquarters at once but could find no trace of the men.

Police Chief James G. Reardon voiced the opinion that the group may have been the same as that which was involved in a number of purse-snatchings and holdups in San Francisco immediately prior to the Bigazzi attack. He is checkng with the city police in an effort to apprehend the guilty men.

It's Still Not Too Late To Give!

It's still not too late to contribute to the Daly City War Chest. All you need do is mail a check to Mrs. Marce Trier, 158 Woodrow street, or telephone RAndolph 6652 and she will have a volunteer worker call.

Daly City was still far below its quota, this week, and late contributions will be appreciated. Because many localities in San Mateo county fell short in their campaigns, county headquarters has extended the drive for several weeks. Funds raised support the services, like U. S. O., to the armed forces, allied relief agencies, and local welfare organizations.

High School Asks Cooperation In Drive

Jefferson Union high school students issue an appeal for Daly City residents to plan to buy their War Bonds and Stamps in December through the high school. In the past, public cooperation has made possible the huge success of the War savings campaigns at Jefferson and the same type of cooperation for the big December drive would be apreciated.

Miss Edna Smith is the faculty member directing plans for next month's drive, which opens December 6. To add color to the campaign, a "Servicemen's Competition" is to be featured with bond and stamp purchasers being enabled to vote for their favorite branch of the service when making their purchases.

Four Men Hurt In Street Fight

The traditional argument of who was going to buy whose drink resulted in two arrests, wounded feelings, and considerable blood shed, Sunday evening, November 21. Those involved in the altercation, which began at a local bar and ended on Mission street at the top of the hill, were Edvar Tate, 233 Los Olivos avenue, Herbert Gilliam, 233 Los Olivos avenue, Silvio Basso, 446 Winchester street, and Herbert Linga, Union hotel, San Francisco.

When police arrived on the scene Gilliam was covered with blood from a deep cut on the head which he claims was inflicted with a knife. The police car took him

Football Game Is Thanksgiving Feature

Thanksgiving Day in Daly City finds city offices, stores, banks and schools closed. Morning event of most widespread interest is the traditional clash between the football teams of Jefferson Union and South San Francisco high schools. Kickoff is at 10:45 a. m. at the Warriors' gridiron.

War Price and Rationing Board No. 83-12-3 is closed for Thanksgiving, as is Daly City post office.

The public schools here are having the whole week off from classes and the parochial school, today and tomorrow. Tuesday and Wednesday, teachers of the Daly City public schools attended annual institute at the High School of Commerce.

Due to Thanksgiving, the Red Cross workroom at Theatre hall was closed Wednesday and will be closed tomorrow, November 26.

Monsignor Makes Rationing Report

Runaway prices and excessive rentals are under heavy attack by OPA enforcement officials, according to announcement made, this week, by Monsignor Egisto Tozzi, chairman of War Price and Rationing Board No. 83-12-3, which serves the Daly City area.

Thirty eating establishments in San Francisco were hailed into district court charged with violating maximum price regulations of the OPA. Twenty-five injunction suits and five criminal actions climaxed weeks of investigation that disclosed overcharges in some instances as high as 300 per cent over OPA ceiling prices.

In the Monterey bay defense area rentals were slashed back to the maximum charges on March 1, 1942.

OPA enforcement officials also moved to protect consumers in Contra Costa county against overcharges in new refrigerators.

Meanwhile, the OPA campaign to simplify regulations continues. Procedures were eased for commercial and institutional users of sugar, and holders of B and C gasoline ration books will be able to purchase 5 gallons of gasoline with each coupon effective December 1. This change in the value of the coupon does not mean that holders of such coupons will be allotted more gasoline but merely that fewer coupons will be needed.

Set Date To Meet With Employees

Discuss Emergency Medical Setup Here

At Monday night's city council meeting, a resolution awarding a five year contract to the Daly City Scavenger company for the removal of garbage and refuse in Daly City was adopted unanimously. The company is given exclusive right to the garbage collection business here and in return agrees to remove garbage, refuse, and waste promptly and efficiently. The city agrees to pay the company 25 cents per month for each water user.

Each person having a water meter is entitled to the removal of 25 gallons of garbage and refuse once a week. Those needing disposal of more than 25 gallons per week, are to be charged directly by the company for removal of everything in excess of the 25 gallons. It is stipulated that this must be a reasonable and fair rate. Those persons who do not pay water bills but want garbage removal service are to arrange their own terms directly with the company, too.

The company is required to have such equipment as may be necessary to handle the job and to carry compensation insurance and public liability insurance.

Councilman John J. Fahey sr. made the motion for the adoption of the resolution which authorizes the mayor, A. J. Gaggero, and the city clerk, B. C. Ross, to execute the contract with the Daly City Scavengers for the city.

Period of the contract will be from January 1, 1944, to December 31, 1948.

At Monday's session, the city attorney, F. E. Hoffmann, advised the city clerk that those people in the south end whose properties have street assessments, now in litigation, against them, have a legal right to pay their city taxes without payment of the controversial assessments.

The Daly City Employees association has appointed a committee of three to discuss participation in the state retirement plan with the council. Mayor Gaggero set Monday night, November 29, as the date for the councilmen to meet with the committee.

The council voted to aid the San Mateo County Tuberculosis association by the purchase of a $15 bond.

Fred A. Collins, deputy health officer, made a report on Wit's End, which has been instructed to eliminate fire hazards and unsanitary conditions. No action was taken pending an investigation by Fire Chief Andrew P. Chesney.

Councilman Eugene V. Lynch reported that the police commission had met with local officers to discuss the enforcement of the new curfew ordinance.

Councilman Edmund Cavagnaro asked if there had been a reply from the Market Street Railway on the dangerous condition existing at the top of the hill in Daly City and was advised by the city clerk that there had been no answer from the company.

The council voted to send a letter of thanks to a public spirited local citizen, who has donated an ambulance to the city for use in meeting the crisis which existed because Daly City had no facilities to rush emergency cases to medical care.

Additional good news on emergency medical care for Daly City residents came with the disclosure that the San Mateo County Health department has advised the council that it will pay emergency hospital charges at the Alemany in San Francisco and will foot the operating expenses of the donated ambulance for the City of Daly City.

The council voted to take membership in the National Institute of Municipal Law Officers at the

NEWS OF OUR MEN and WOMEN IN UNIFORM

James Matteucci, son of Mr. and Mrs. Silvio Matteucci, 185 School street, was recently in Daly City on an 8-day furlough. He returned to the Smyrna air base, Smyrna, Tennessee, where he is attached to the U. S. Army air corps. He has been in the armed forces more than a year now.

Second Lieutenant **Robert J. Christen** has just received a promotion to first lieutenant at Corpus Christi, Texas, where he is an instructor in the U. S. Marine Air Corps. He is the son of Mr. and Mrs. Martin Christen, 120 Irvington street, and a graduate of Jefferson Union high school. Mr. and Mrs. Christen have gone to Texas to spend Thanksgiving with him.

The special information office at Patterson field, Ohio, reports that **Joseph R. Martin,** Daly City, has been promoted from the rank of private first class to the rank of corporal. Corporal Martin is serving with the Air Service command in the China-Burma-India theatre.

Private **Everett Maloney,** grandson of Mrs. Ellen Yates, 140 Los Olivos avenue, is now "somewhere" in Australia with the U. S. Army. A graduate of Jefferson Union high school, he has been in the armed forces for more than two years.

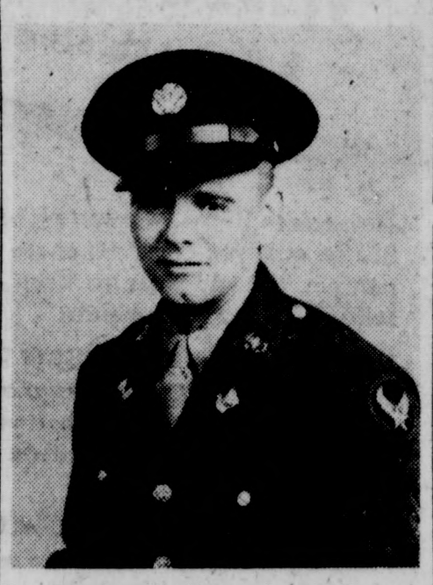
Receives Certificate



Corporal George Wilson, son of Mr. and Mrs. B. C. Wilson, Sonoma, formerly of Crocker avenue, Daly City, recently received a certificate of accomplishment. He is with the maintenance and repair division of the U. S. Army Air Corps, stationed at Venice, Florida.

In a recent letter to his folks he described the thrilling rescue of the crew of a ship which had cracked up out in the gulf. He told how he and a friend discovered the pilot bobbing in the water and hauled him ashore.

Corporal Wilson is the brother of Roy Wilson, who formerly operated the Daly City Creamery. He attended Jefferson Union high school here.

Film Gives Insight On Jap Problem

Shocking in its impact, absorbing in its admirably human and convincing story, RKO Radio's remarkable film production of "Behind the Rising Sun" affords a startling insight into Japan's ruthless motives, and is as well a notable piece of entertainment.

The picture, now showing at the Daly City theatre, is based on James R. Young's best selling book, and presents a vivid and completely authentic cross-section of the Nipponese ideology.

It shows how the Japs live, peasant as well as rich man; and, more importantly, it shows us how their minds work and what they think.

This makes clear to an American audience the real reasons behind the sudden attack on Pearl Harbor—that it was not just a "sneak punch" as such, but a necessary and carefully-planned initial step in Japan's campaign of world conquest, a campaign on which the Jap leaders cooly propose taking a century, if that much time is needed.

As presented on the screen, the frequently breath-taking story revolves about six characters, three Japs and three Americans. A prominent publisher, his American-educated son, and a pretty secretary are the Oriental trio; while an engineer, an athlete, and a newspaper woman comprise the Occidental threesome.

The transformation of the younger Japanese from an eager and sympathetic student into a cold-eyed and relentless army officer motivates much of the plot, as does the bitter course of events in relation to the Jap publisher's own outlook on life and honor.

Plenty of tense dramatic moments, including a murderous hand-to-hand duel between a Jap wrestler and an American boxer, feature the action of this notable film, which has been adroitly directed by Edward Dmytryk from a compellingly-written screenplay by Emmet Lavery, Tom Neal, Margo and J. Carrol Naish carry off the acting honors as the three Japs, while Robert Ryan, Gloria Holden, and Don Douglas stand out as the Yankee trio.

NOW AT THE DALY CITY THEATRE

The last liberal of Japan, who wanted peace with the world, is cut down by a young war-mad Fascist Army officer, thus destroying any hope that the Island Empire would abandon its insane ambition to rule the universe. James R. Young reveals this tragedy with other sensational drama about inside Japan in the RKO Radio picture based on his book of the same title, "Behind the Rising Sun."

Senior Wardens

Senior Air Raid Wardens of Daly City will meet tomorrow evening, November 26, at the city hall, 75 Wellington avenue. The chief air raid warden, Harry Melicker, cordially invites all wardens of the city to join with their leaders in attending the session, which begins at 8 p. m.

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

Waste Paper Drive Continues To Dec. 3

In the first four days of the waste paper drive conducted by schools of the Jefferson Elementary district, twenty tons were collected. Classes are not meeting this week but the campaign will be under way again in full force the week of November 29. Last day will be Friday, December 3.

Those who have magazines and newspapers to contribute to the salvage drive may notify any school child in their neighborhood or send a card to Superintendent R. L. Crane jr. at 344 Santa Barbara avenue and someone will call to pick up the papers, which should be tied in bundles of 30 to 50 pounds with stout twine.

THEATRE PARTY

Peter Ciemoli, proprietor of Colonial Cafe, 6192 Mission street, gave a theatre party for the boys of Platoon No. 1, Daly City Camp 140, Tuesday evening, November 23.

Next Year Will Be Different

NEXT year *will* be different. Not only the weather, and markets, and the needs of the country. Our *jobs* will be different, too. Because next year we're going to do those jobs differently—and we hope better!

We, whose job is producing goods and services, have been making resolutions like this for years. And we've been keeping them! For in our kind of business, you either keep on finding better ways of doing things, or—you go backward! And if enough people do that, the thing we call progress bogs down.

That's why farmers keep on trying new seed, and fertilizers, and machines, and strains of stock. That's the reason industry carries on research—another name for a constant search for new knowledge and better ways to do things. Because most of us have been doing this for years, America has had the highest standard of living in the world. And it's the reason, too, that American production is doing so much today to bring victory.

After the war, America is going to need more than ever men with the courage and enterprise to invest time, money, and hard work in the search for better things. And if America's producers understand each other, and each other's problems, we'll be able to do these all-important jobs better. *General Electric Co., Schenectady, N. Y.*

PAMPER Your WATER HEATER!

He's a priceless old dear!

Heavens to Betsy...wouldn't it be awesome if your water heater quit you cold? Here are four ways, however, to pamper the old dear to keep him happily and faithfully yours for a long time.

1. CUT DOWN ON WASTEFUL USE OF HOT WATER. Think before you draw even a quart or two of hot water. Was it necessary? Make it snappy when you take a shower. Rinse dishes in a pan...NOT under a running faucet. Use less hot water for a tub bath.

2. DRAIN YOUR WATER HEATER REGULARLY. To drain, open the valve on your heater and run water into a bucket until clear of sediment. That's all.

3. KEEP YOUR WATER HEATER CLEAN. Brush off the burner occasionly.

4. DO NOT HEAT WATER TOO HOT! If your water heater has an adjustable thermostat, set it to 120 degress. It will be easier on your plumbing, too. Remember call your plumber or repair man only when absolutely necessary. They are busy people these days.

Winterland Gets Folies Premiere

Scores of the world's most gorgeous girls, a huge company of famed vaudeville stars, new settings, costumes, music, and lights, have been blended together for the world premiere engagement of the Folies Bergere of 1944, which opens at Winterland in San Francisco, Tuesday, November 30.

Clifford C. Fischer, impressario of the Folies Bergere, is personally directing production of what he states will be "the greatest of all Folies."

The world-famous showman has been in San Francisco for weeks to advise in the transformation of Winterland, which has housed the dazzling Ice Follies, from its Arctic atmosphere to scenes of French gayety.

Fischer's great new two-and-a-half hour show, with some of the best known names of vaudeville and scores of beauties in a cast of 120, will be presented nightly on the entire floor surface of Winterland, backed by a huge stage. The great new show will present twelve giant scenes.

Some of the best known stars of vaudeville will frolic through the two-and-one-half hours of French gayety:

Malcia, saucy little dancer who appeared in the Folies Bergere at Treasure Island in 1939; Barto and Mann, stars for three years in the "Hellzapoppin" show; the Cristiani's, world famous exhibition riders; the Shyrettos and their daring feats on one-wheel bicycles; Willie, West and McGinty, clown carpenters; Truzzi, sensational juggler; Jean Devereaux, the spinning ballerina; Ardelty, daring trapeze artist; Monroe and Grant, performers on the trampeline; Rollo and Verna Pickert and their tap dancing on stilts; and Harry Ritley, who stacks seven tables in the air and stands on them, are but a few of the stars of the world premiere.

Tickets for the Folies Bergere are now on sale at Winterland, Post and Steiner streets, San Francisco, (15) and at Sherman Clay box offices in San Francisco and Oakland.

WAVES in Action ** Aviation Machinist's Mate

OFFICIAL U. S. NAVY PHOTOGRAPH

These girls, too, wear the trim Navy blue Mainbocher uniform when they're off duty, but when they're doing this particular win-the-war job with the WAVES they wear specially-designed coveralls. They appear a trifle new at the game, tinkering with an airplane engine, but that's because they are only students in the U. S. Naval Training School at Norman, Okla. After four months' training, following indoctrination, they wear the rating badge shown in the inset — Aviation Machinist's Mate, Third Class. There are many important jobs in the WAVES for mechanically-inclined, patriotic American girls, 20 to 36 years old, who have had two years' high or business school training.

Firemen Answer Two Alarms Here

Fires in the past ten days were confined to two involving automobiles. On November 18 at 10:43 a. m., A. Puccini, 1875 Junipero Serra boulevard, phoned the local police department that a car was on fire in front of his place. Companies 1 and 2 responded and extinguished the blaze.

On November 17 at 12:53 a. m. a fire alarm was turned in from the box at Market and Mission streets. Officers responded to find that an Oldsmobile sedan driven by Maxwell E. Hinman, 254 Frankfort street, San Francisco, had hit two poles south of San Pedro road. Hinman, driving south on Mission street, could not make the turn.

He was rushed to Alemany Emergency hospital by the D. C. F. D. Company 1 truck and treated for a lacerated right leg. He was taken home in the police car and his car towed to Peterson's garage.

Although the censor's shears had neatly removed the name of the place where Bolger, as one of the Marine Corps Paratroopers had just seen a lot of tough fighting against the Japs, the sense of the letter remained and vividly described what happens when the Marines move in on crack troops of the enemy.

Bolger was in New Caledonia before this latest campaign. He took his training as a parachutist at the Marine Corps base in San Diego and Elliot field, California. He is a graduate of Jefferson Union high school and was attending San Francisco junior college until his enlistment, last November.

BETHLEHEM-HINGHAM SHIPYARD SETS NEW WORLD'S RECORD

A new World's record in ship construction was achieved November 3 by the Bethlehem-Hingham shipyard when it delivered the 1,300-ton destroyer-escort "Reynolds" within 25 days of the time the keel was laid.

The ship, which will carry a complement of 185 officers and men and cost approximately $3,500,000, was delivered to the United States Navy, which in turn will place it in the service of the British Royal Navy for anti-U-boat and convoy duty in the Atlantic.

This record surpasses by more than 20 days the mark set by Bethlehem in the first world war when it delivered the destroyer "Reid" to the American Navy 45 1-2 days after the laying of the keel, a new record up to that time.

The first group of the "Reynolds" type of ship built for this war by the Bethlehem-Hingham yard required 302 days to complete. The next group in her class required 206 days. The yard is busy constructing additional destroyer-escorts which will join the "Reynolds" in the British Navy.

The "Reynolds" will be turned over to Admiral H. T. Smith, Supervisor of Shipbuilding, U. S. N., Quincy, Massachusetts, by General Manager W. H. Collins of the Bethlehem-Hingham yard.

Admiral Smith will then deliver the vessel to the British commanding officer and she will immediately become formally designated "H. M. S. Reynolds."

The "Reynolds," like her sister ships, is built for speed and quick-handling fire power. She has three revolving cannon, a 40-mm. Bofors gun, each barrel capable of 120 rounds of 2-pound projectiles per minute, effective at 2,500 yards against air or surface targets.

It also possesses numerous 20-mm. Oerlikon machine guns with a potential fire-power of nearly 400 shells a minute. A potent feature of her armament are various K-guns for throwing down 300-pound "ash cans."

The "Reynolds" type of destroyer-escort is 308 feet long and 36 feet in breadth and is known in Naval circles as the "Terrier of the Sea." Her superstructure has been described as a "cross between an overgrown submarine conning tower and a gigantic tank turret."

The wheel-house, bridge and charthouse are completely encased in protective steel armor. The two stepped-down gun platforms just forward are among the features which contribute to an altogether modern appearance.

Aft of the bridge are the short mast and the squat stack, flanked and followed by odd-shaped bulges, platforms and crannies which provide additional gun-mounts.

The vessel has been described by Naval men as being something between a corvette and a destroyer in size and Naval men pridefully declare that she can outrun the fastest corvette or submarine.

The design of the destroyer-escort was conceived three years ago by Admiral E. L. Cochrane, Chief of the Bureau of Ships, Washington, D. C. He created it after making a four-months study in England of all angles of the Atlantic convoy problem. He concluded that a larger, faster and more heavily armed ship than the corvette was needed successfully to combat the growing U-boat menace along the Anglo-American convoy lanes. Navy ship des-

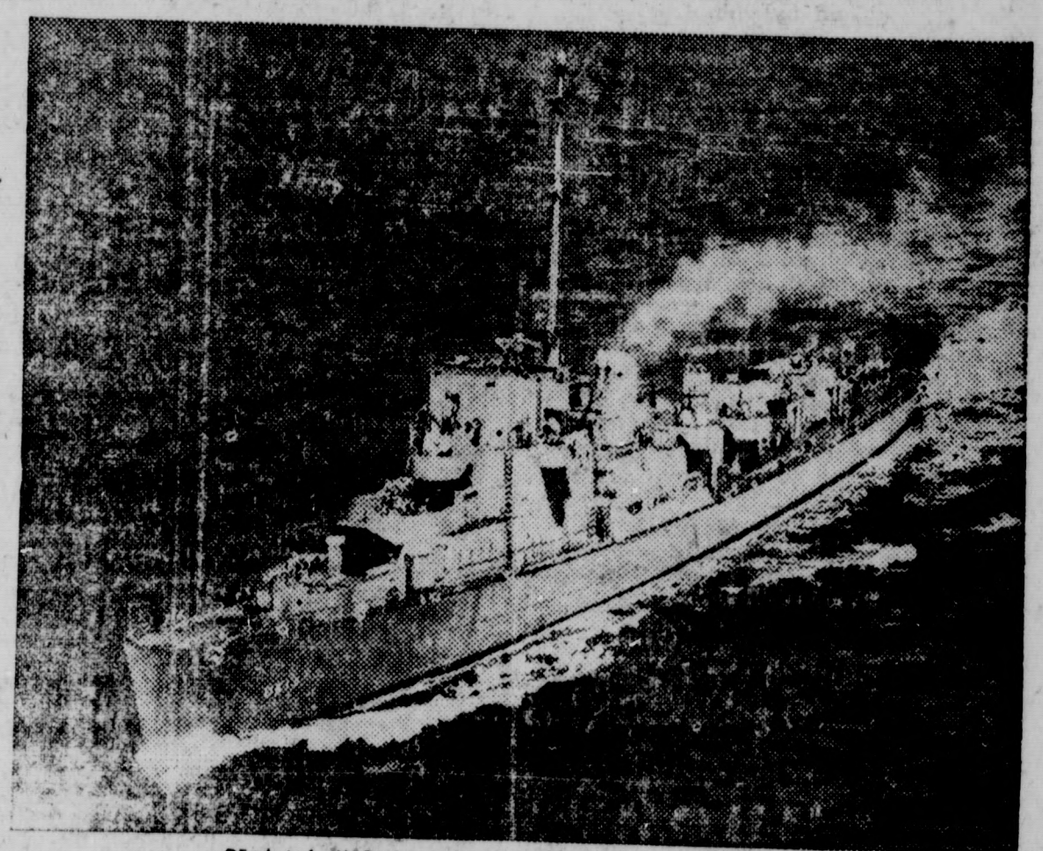
DESTROYER-ESCORT BUILT IN 25 DAYS

NEW WORLD'S RECORD IN SHIP CONSTRUCTION

Beats World War I Destroyer Time of 45½ Days — Bethlehem Set Both Marks

Has Large Gun-Power for Both Offensive and Defensive Service; Equipped for Surface, Depth Bomb and Anti-Aircraft Combat



DE photo by U. S. Navy—cleared by Press Relations Office, U. S. Navy, Washington, D. C.

Destroyer-escort designed by U. S. Navy has wide range of fire-power and fast speed. DE *Reynolds* was built by Bethlehem-Hingham Shipyard in record time of 25 days.

Beating all prior records, the destroyer-escort *Reynolds* was completed and delivered November 3 to the U. S. Navy, by the Bethlehem-Hingham Shipyard just 25 days after keel laying.

The *Reynolds* is a hard-hitting, fighting unit with great fire-power and speed, a bigger, more powerful ship than the destroyer *Reid*, which held the previous production record of being built in 45½ days, during World War I. Bethlehem built both ships.

The *Reynolds* has terrific battle armament for surface, depth bomb, or anti-aircraft combat. Her main battery has guns mounted in three turrets which can revolve in a complete circle to follow a target, and can be fired by a trained crew with amazing accuracy and rapidity. Aft is a 40-mm. Bofors gun, each barrel capable of firing 120 rounds of 2-pound projectiles per minute. She has numerous 20-mm. Oerlikon machine guns with a potential fire-power of nearly 400 shells every 60 seconds. Also, along port and starboard rails aft of amidships are a flock of K-guns which can toss out the famous 300-pound "ash cans" which make it unhealthy for any submarine within hundreds of yards.

The *Reynolds* is, in fact, one of those powerful, swift, sea-panthers designed by the Navy to drive the Nazi subs from the Atlantic and protect American convoys. She can deliver a terrific curtain of fire effective at 2500 yards against air or surface targets. Like some of her sister ships, she is one of Uncle Sam's contributions to the British fleet.

The first group of ships in the destroyer-escort class were built in 302 days.

The next group in this class were built in 206 days.

Now the *Reynolds* has set the mark of 25 days.

And she is but one of hundreds of warships steaming out of the shipyards of America to speed the day of Victory.

Thanksgiving Guide

Julia says— Celebrate Thanksgiving Thriftily

IT SEEMS to me we have a great deal to be thankful for, this Thanksgiving season. Here on the home front we're all working hard to bring Victory closer, and we have the deep satisfaction of seeing that work beginning to bear fruit. It's quite proper and fitting that we should observe the hallowed occasion of Thanksgiving Day by preparing something out of the ordinary for a special meal.

But we need not be extravagant. There are dozens of little tricks that will turn an otherwise ordinary dinner into something very like a feast.

No matter what your "main dish" may be, these suggestions will help to pull your Thanksgiving dinner into the realm of a celebration:

"Carrotatoes"

Ever try this method of using potatoes, for instance? You cook and mash potatoes in the regular way. Then you take as much mashed carrots or rutabagas (also cooked and mashed in the regular way). Combine the two, and you have something attractive in color and pleasantly exciting in flavor. If you want, the mixture can be placed in a casserole and given a brief oven treatment.

And here is my recipe for a favorite Thanksgiving pudding:

THANKSGIVING CARROT PUDDING

Sift 1 1/4 cups enriched flour; measure; sift again with 1 tsp. soda, 1/4 tsp. salt, 1 tsp. cinnamon, and 1/2 tsp. cloves. Cream 1/4 cup shortening with 1 cup brown sugar, firmly packed; add 2 eggs and beat well. Dredge 1 cup grated, raw carrots, 1 cup grated, raw potatoes, 1 cup raisins, 1/2 cup finely chopped candied lemon peel (optional), and 1 cup finely chopped walnut meats in 1/2 cup of the flour mixture, and beat well; add fruit-nut mixture. Fill well-greased 1 1/2 qt. mold 2/3 full; cover tightly. Steam 3 hours or until done. Serve with lemon or hard sauce. Serves 10 to 12.

BUTTER BOOTLEGGER?

MOM, I HEARD OF A PLACE TODAY WHERE YOU CAN GET ALL THE BUTTER YOU WANT, AND THEY DON'T ASK FOR A SINGLE RATION STAMP!
OF COURSE, YOU HAVE TO DRIVE QUITE A WAY, AND BE INTRODUCED... WHY, MOM!
YES, JANE, THAT MAKES ME VERY ANGRY!
DON'T YOU REALIZE THAT EVERY TIME RATIONED FOOD IS BOUGHT WITHOUT RATION STAMPS, SOME ONE WILL HAVE TO GO WITHOUT HIS FAIR SHARE?
THE GOVERNMENT IS RATIONING SCARCE FOODS SO ALL OF US CAN EAT WELL AND BE STRONG. AND THE ONLY WAY TO MAKE RATIONING WORK FAIRLY IS FOR EVERY ONE OF US TO PLAY SQUARE WITH RATION STAMPS!
I SEE WHAT YOU MEAN, MOM.
FOOD FIGHTS for freedom

Mom Is a Good Citizen Fighting for Freedom!

Let's keep this fact constantly in mind: Rationing divides our limited supplies equally, so each of us can secure adequate nourishment. Play square with ration stamps.

News From District Grammar Schools

AT JEFFERSON

During the weekly current events period of the Jefferson elementary eighth grade, considerable discussion was given to an article entitled 'Are Boys and Girls Losing the War?' The thought developed in this article was 'Crime among Children Is One of Our Growing Problems on the Home Front.'

Every child in the class seemed conscious of the importance of this problem and every one participated in the discussion that followed.

The discussion closed with some suggestions as to preventive measures, the class agreeing without dissent that more supervised play and increased recreational facilities were necessary in most communities.

Boys of the seventh grade have just completed some very attractive fruit baskets and trays which they have made for Thanksgiving gifts to their mothers. The baskets and trays are made of reeds with bottoms of plywood that are painted with interesting gaily colored motifs.

The fifth grade observed Book Week by preparing special book reports on some favorite book. Each child read his or her report to the class during the language period.

The third and fourth grades anticipated Thanksgiving day by writing and illustrating a cooperative Thanksgiving story.

Children in the second and third grades have prepared an attractive rationed foods chart for their grocery store unit. They brought magazine pictures to illustrate the chart and talked about the ration values of these foods.

The kindergarten and first grade are gay with Thanksgiving posters showing turkeys and autumn leaves. Songs and rhythmic exercises reflect the same theme.

AT WOODROW

Room 4

"Haiti's Black Napoleon" was the film seen by Room 4. Of particular interest wes "Christophe's Castle" which was begun by the French in 1804 and later completed by the Black King of Haiti who dreamed of making his citadel the world's strongest fortress.

Room 8

During their art period last week, the students of the high sixth and low seventh made joke books for the convalescing men of the armed forces. All the children worked on the pasting of the cartoons on paper and then the pages were combined to make three books.

Room 9

We are glad to have Dell Mielich back at school with us after his three weeks visit to Utah. He learned many interesting facts about this state which he told the class.

Room 12

Room 12 had a very interesting film about the life in Egypt before the war.

Room 14

The children of Room 14 are proud of having achieved a 100 per cent record in their contribution to the Junior Red Cross.

Audrey Amer from Nevada is a new member of Room 14.

AT CROCKER

Tuesday, as the second school day of the week does not exist at Crocker. This day has become "Victory Day" due to not only the purchase of War Stamps and Bonds, but for the weekly collection of tin. Students have rounded up all tin that they could possibly retrieve and carried it up the steep hills to the Crocker school. Wreathed in smiles, out of breath, enthusiastic as always in every war effort, they were always greeted by a group who help stack the tin in neat boxes in the basement under the supervision of the capable caretaker, Clarence Fahey.

Interesting historical time lines are making their appearance in the classrooms of the Crocker school. These time lines have as their sole purpose instilling the idea of chronological sequence and the subsequent events thereof.

An interesting supplementary time line dealing with the unit "'Citizenship and Democracy," as studed in the eighth grade, is also in evidence beneath the standard line which dates before Leif Ericson up to the present World War II.

Crocker school collected the sum of $20.50 from students for Junior Red Cross dues. Room 1, the eighth grade room, was the only 100 per cent room in the building, while Room 3, the sixth and seventh grade room, collected the largest amount of money.

The pupils of Room 2 are taking great interest in two large maps of the United States which they are making. When finished one will show in what parts of the country cotton is raised and the other where sheep are raised.

Room 3 welcomed back Marjorie Kruse, this week.

Walter and Fred Zeise of Room 3 and Room 4 are transferring to the West Portal school in San Francisco.

Lillian Gimle of Room 4 is on the sick list again. Her playmates were very sorry to learn that she will be unable to attend school until after the first of the year.

Cereals are "Tops" in War-Time Menus

By BETTY BARCLAY

CRUNCHY Grape-Nuts are "tops" on this butterscotch pie. And they add new taste interest to this old favorite. In fact, they make a delicious top for any pie — we all know how perfectly they pair with fruit.

But a new note in tastiness is only part of the story. Mrs. Homemaker's keen eye has probably already discerned that Grape-Nut "tops" cut the crust making job in half — saving time and ingredients, particularly such a scarce ingredient as lard.

Installment three of this cereal story is concerned with the health angle. Cereal is one of the "Basic Seven" foods that the National Nutrition program lists as daily "musts". Cereals are low in caloric content (hark all ye approaching plumpness) but high in food energy. There's no waste material and a minimum of fat in a bite of cereal. Every inch of it goes to bone and teeth and blood building.

And that's why cereals are "tops" in war-time menus. We need the health they help to build, and the time, pennies and points they save.

And now for that pie — try this recipe:

1 package prepared butterscotch pudding
1¾ cups milk
½ cup Grape-Nuts
1 baked 8-inch pie shell

Follow the directions on the package in preparing the butterscotch filling. Chill, and pour into the pie shell, sprinkling the Grape-Nuts on top.

30 DAYS' NOTICE ON STAMP 18

The public will be given 30 days' notice, should it become necessary to terminate Shoe Ration Stamp 18. This announcement was made recently by OPA to "kill" scare-buying rumors that the validity period of Stamp 18 might be cancelled with only 24 hours' notice to consumers.

WOODROW PTA

Woodrow Wilson P. T. A.'s monthly whist, November 18, is reported to have been a big success. On the same day, four delegates represented the unit at the district C. C. P. T. meeting in South San Francisco. They were Mrs. Lena Banfield, Mrs. Elsie Hesselein, Mrs. Hazel Marsh, and Mrs. Betty Eschenauer.

igners and engineers then laid plans for the construction of the destroyer-escort.

It includes the last word in marine innovations for both warfare and navigation—and it has been one of the important contributing factors in the successful Allied war against the Nazi undersea craft.

When the Navy first assigned the construction of escort-destroyers to the Bethlehem-Hingham yard, its officers planned that it would require four months to build, from keel-laying to launching.

The Bethlehem-Hingham yard quickly put into operation the latest assembly line methods for quantity production, and progressively whittled the construction time down, as pointed out above, until this new world record was achieved.

BROWNIES

Mrs. P. J. Becker, leader, announces that **Brownie Scouts No. 7** will not hold a meeting on Friday, November 26. They will resume regular weekly meetings after the Thanksgiving vacation, when they gather at No. 5 firehouse, Oliver and Bellevue, Friday, December 3.

BETHEL NO. 26

Bethel No. 26, Order of Job's Daughters will hold election of officers at their meeting, tomorrow evening, November 26, at 2668 Mission street. It will also be Past Queens' Night. The session begins at 7:30 p. m.

A costume party is scheduled for the first meeting in December, December 10, 7:30 p. m. at 2668 Mission street. On December 29, installation of officers will be held.

BLOCK MOTHERS

The Daly City Block Mother who have been meeting on the first Wednesday evening of each month, will hold no December 1 meeting, according to Mrs. Sidney Bryant, 559 San Diego avenue, at whose home the sessions have been held.

The Daly City Block Mothers organization is still in effect but more volunteers are needed before regular meetings are resumed. Any local woman interested in devoting her time in this important war service may find out particulars by calling Mrs. Bryant at DElaware 9907.

Troop 141 Holds Court Of Honor

Boy Scout Troop No. 141 held a public court of honor, Wednesday night, November 24, at Grace Church of the Nazarene, Vista Grande and Santa Barbara avenues. The troop committee, Neal H. Edwards, chairman, Howard Morgan sr., and D. C. McKisson, made arrangements for the event, which began in the main auditorium of the church at 7:45 p. m.

Boys scheduled to receive tenderfoot badges at the court of honor were George McLeod, Robert Sako, Eric Durbin, and Robert Mills. Joseph Straughan is scoutmaster.

Straughan plans to attend the Green Bar conference of Boys' leaders at Camp Lilienthal, November 26, 27, and 28. He will be on the staff for the conference to teach camp cooking. One of the things he will demonstrate is the grist mill.

On Friday, November 19, Troop 141 held an outdoor meeting at Hungry Hollow.

AT JEFFERSON UNION HIGH SCHOOL

By Verna Moresco

ABOUT SCHOOL

The big question around the campus is "What Do You Think of Girls Going Sockless?" There are some very interesting answers and coming from the boys they are very good!

Wedding bells rang for Pat Taylor, last Friday night, when she became the bride of Harold Connley, RT 3-c.

The traditional Big-Little game between South City and Jeff was held today on the South City grid.

Stacks of papers and magazines, which came in on busses, on trucks, and under the arms of students, filled the front hall and were carried to the band room, where they were tied into parcels and weighed. Reason for such action was the order of the day in all schools, for the "Truth and Consequences" program having offered to broadcast its regular Saturday-night show from the school which for its size contributed the most paper.

A total of more than 9 tons of paper and 2 1-2 tons of magazines gathered during the week's drive made Jeffersonians hopeful.

RED CROSS DRIVE

The Red Cross membership drive came to a successful conclusion last Friday, November 5, with a total of $43.39 or an average of more than 7 cents per student. Of the total sum collected 1 cent for each student will be sent to the Red Cross headquarters. The remaining amount will be used by Jeff Red Cross members to buy material for the making of useful articles for wounded service men.

Truman Bentley's class is making lap trays; Mr. Lewis's class is making tree ornaments; Mrs. Marjorie Reandeau has already made 1,000 menu covers for the servicemen's Christmas dinner; and other members are busy knitting washcloths and afghans.

Mrs. Dorothy Pendergast still urges all who can bring old sweaters and games, either new or used. The sweaters after they have been ripped and steamed will be used to knit afghans.

BOOK WEEK

Book Week has come to Jefferson too. The theme of this year's celebration is "Build the Future with Books." Jeff presents a large and varied selection from which each student may choose.

Some of the new books on war are: "Seven Came Through" by Captain Eddie Rickenbacker; "I Served on Bataan" by Lieutenant Juanita Redmond of the Army Nurse Corps. Books on the peace to follow, including "Problems of Lasting Peace" by Hoover and Gibson, will likewise find readers.

For lovers of straight fiction there are novels by many popular writers: Mary O'Hara, Lloyd Douglas, and Agatha Christie, to name a few.

Attractive book markers were given to the students.

It's time again for the seniors to get busy and begin plans for their jinx. Chairman Don Nelson and his committee are busily but quietly going to work to make this jinx one of the best ever.

AT SOUTH CITY

The Jeff band and yell leaders went down to South San Francisco to return the program that school gave at Jeff, last Thursday.

The program was very well received. The band and vocalists were at their best and gave a 1 hour and 15 minute program which was highly appreciated by the audience. Vocalists featured were Pat Morocco, Marie Nunes, Lillian Altman, and Laverne La-Desma.

The program opened with a bang with the band playing "Flash," featuring "Bobby" Gregor, piano; and Emile Lemoine, trumpet.

Some of the exceptionally good numbers were "Paper Doll," "I Heard You Cried Last Night," and "Well Get It." The closing number featured a bit of "corn" with the entire band and vocalists joining in on a slightly ribald rendition of "Pistol Packin' Mama" that filled the spot nicely as a finale number.

The following girls have earned their points for G. P. A. L.—softball: Barbara Blecher, Barbara Callan, Wilma Casassa, Beverly "Tiny" Clement, Doris D'Isep, Alice Godfrey, Esther Morgan, Margaret Morgan, Coleen Robin, Isabel Schioldager, Nancy Sorg, Frances Vaughn, Augusta Cattaneo, Helen Oxley, Violet Sharp, and Anna May Lowry.

The captains of the two teams were Nancy Sorg and Helen Oxley.

The Annual High School Playday, sponsored by the Women's Athletic Association of San Francisco State college, was given last Saturday, November 20, at the state college.

All high schools of the Bay area were invited.

A program of team games, various individual games and contests was enjoyed.

Those attending from Jeff were: Helen Oxley, Nancy Sorg, Violet Sharp, and Miss Claire Nace, faculty advisor.

EXECUTIVE BOARD

The regular meeting of the executive board was called to order on Tuesday, November 16, at 8 by Ken Hatt, president.

The minutes of the previous meeting stood approved as read.

The paper drive seemed to be a success as over 9 tons was reported collected.

Helen Capps suggested a very interesting Kay Kyser effect program that could be put on by Howard Miguel and the Indians of Rhythm. This will be discussed further.

The sergeant-at-arms committee is to work harder on eliminating unnecessary noise during assembly. Flashlights are to be obtained to help out in this matter.

NO BONUSES

The Office of Price Administration today warned that it is illegal for tenants to pay a bonus directly or indirectly to landlords above ceiling rentals in order to obtain living quarters.

The warning was prompted by advertisements in which bonuses are offered by people searching for homes and apartments.

Acceptance of such a bonus by landlords, the OPA said, also constitutes a clear violation of regulations governing rent control and is subject to court action.

NEW BABIES

Mr. and Mrs. Wayne O. Caldwell, 66 Bepler street, are the proud parents of a son born, November 12 in San Francisco. Congratulations are also in order for **Mr. and Mrs. John E. Kennedy,** 301 Vista Grande avenue, who are the parents of a daughter born, November 15.

Servicemen's Wives To Get Care

Arrangements have been made by the State Department of Public Health and the San Mateo County Department of Public Health and Welfare to provide maternity care for wives of service men in certain classifications and medical care for their infants.

Applications for care should be directed to Dr. Charles C. Gans, county health officer, Attention: Supervisor of Medical Welfare, P. O. Box 300, San Mateo, California. Phone San Mateo 5-1396.

Any woman living in San Mateo county, irrespective of her legal residence, whose husband is an enlisted man of the 4th, 5th, 6th or 7th grades in the Army, Navy, Marine Corps or Coast Guard is eligible under the program for medical and hospital maternity care without cost to the family. Similarly, any infant under 1 year whose father is a serviceman in these grades is entitled to care for serious illness.

"The care is provided as a right, not charity, to wives and infants of servicemen in low paid brackets," Dr. Gans declared. "The purpose of the program is to protect the health of wives and babies of servicemen by providing adequate medical care and so relieve men in the armed forces of part of the worry for the welfare of their families."

Physicians in private practice, clinics, and hospitals will be paid by the State Department of Public Health from funds provided for this purpose by Congress. When necessary, home nursing service will be provided.

Medical care will be provided throughout pregnancy and after confinement as well as at delivery. In addition to care given by physicians in private practice and by clinics and hospitals, services provided by state and local public health departments will be available. They include prenatal and well-child conferences, immunization against communicable disease, dental clinics and the care of crippled children. The services of Red Cross chapters and other local health and welfare agencies will be utilized.

The fees set by the U. S. Children's Bureau are lower than the amounts usually charged by doctors and hospitals in California for comparable care. However, doctors and hospitals are contributing the difference to make the program possible in the State.

THANKSGIVING DAY - 1943

Probably won't be a normal, American Thanksgiving Day holiday. But things just aren't being normal these days. Men and women in the armed forces won't be taking the day off. Theirs is, as ours must be, a steady, relentless task of driving the enemy back with whatever means are at hand.

Here at Farmers Meat Company we're trying, as hard as we can, to keep the supplies "rolling"—to keep our working civilians well-fed and healthy to win the war. Smoothing out the rough roads of food rationing is our job, and we intend to keep "firing" away until the war is won.

We carry a nice supply of poultry at all times. We believe we will have enough on order for holiday needs, but we're taking advance orders now.
